**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am an independent software developer working at home and I rely on the service provided by an independent fiber network provider. Because the work I perform involves large volume of data, the fibre optics speed is essential. Please do not block access to unbundled network elements and preserve the 1996 Telecommunication Act.

Thank you for your consideration.
